OUR TECHNOLOGY

Barbs | CTO

OUR TECHNOLOGY

Digital Kalye

TuroHero offers carinderia owner access to a digital supply chain, a completely integrated app that enables product and order tracking, as well as a dashboard for monitoring

“Bagong Bayaran sa Kalye” or Safer Street Currency

TuroHero will work with Carinderia owners to provide them with technology that would allow them to take mobile payments via mobile wallets and use this as a payment option to their supplier creating a safer currency exchange process

“Taong Kalye” or Street oriented data gathering

Assist customer in gathering information about their consumers and operations all of which is studied to enhance how we markets, distributes, and communicates with customers in the future.

OUR TECHNOLOGY

TuroHero envisions to collaborate with food merchants on the street. This industry, which has been slow to digitally evolve, streamline, and modernize, would undoubtedly benefit from the technical relief required to adapt to the digital world. Given the rapid progress on the digitization, technology will undoubtedly have an impact on all aspects of society. In any event that small firms are willing to take on technological ventures, no matter how little they maybe, is a healthy indicator of progress.

MARKETING STRATEGIES
TECH DEVELOPMENT

Vision

Make Ecommerce better for small to medium size food eateries so they will focus on what they do best: serving the best Filipino dishes at an affordable price

Mission

We aim to empower and support food eateries with the use of technology that shall bring the procurement up to logistics with the tap of a button

Our Story

Traditional eateries like Carinderia or Tutro-turo has been a place close to our hearts but an industry that has forgotten and ignored.

We have realized that we have faced a generational problem, we are afraid of changes.

Our story simply starts from a desire to build a platform that will empower Carinderia owners and uplift the life of the many Filipinos.

Vision

Make a better life to the millions of micro to medium scale food businesses by proving a platform that will help them to accelerate financial growth and will enrich the Filipino's culinary and social identity.

Mission

We aim to empower and to digitaly-enable the micro to medium scale food businesses for a greater economic inclusion.

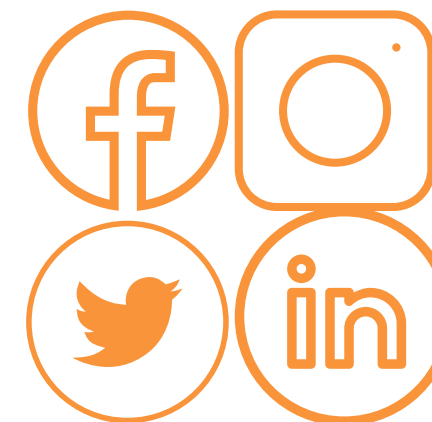

Maraming salamat!

MISSION STATEMENT

OUR LONG-TERM GOALS

Presentations are communication tools that can be used as demonstrations, lectures, speeches, reports, and more. It is mostly presented before an audience. It serves a variety of purposes, making presentations powerful tools for convincing and teaching.

To create a stunning presentation, it's best to simplify your thoughts. Start with an outline of topics and identify highlights, which can be applied to whatever subject you plan on discussing. You can then organize them into your introduction, your main content, and your conclusion.
